

**FOR IMMEDIATE RELEASE**  
**PRESS RELEASE**

**Dr. Gulati, DDS**  
407 W. Ogden Ave.  
Westmont, IL 60559  
**630-241-3737**

**Dr. Gulati & Mr. Ted Leeper, Join the US Marines Toys for Tots to Destroy Illiteracy in their community and give a Christmas to those less fortunate Children.**

**Dr. Gulati & Mr. Leeper**, Executives and Owners of Downers Dental and Mount Prospect Dental Care have been delivering top notch service to their customers for over 20 years. They are well known and trusted in the community due to their dedication to excellent service.

They have recently become strong supporters of youth literacy as well. They are taking an active role in spearheading the drive to abolish illiteracy in their city.

This year, they started working with the US Marines Toys for Tots program, ensuring good reading materials are made available to poverty stricken homes this Christmas. They have provided books to 3,000 homes in their area. That means, 3,000 children who would otherwise not have a Christmas this year, will have one!

Their mission aligns with that of the Toys for Tots, which is to “break the cycle of poverty one book at a time.”

Recently they stated, ***“We believe that children are our future. When we found out that there is 1 book in every 300 poverty stricken homes in our area, we knew it was time to act. We know that we wouldn’t be able to be productive and contributing citizens if we could not read. Someone made sure we had books to read when we were young. Now, it’s our turn to pay forward. Merry Christmas to our future generation!”*** - Dr. Gulati & Mr. Ted Leeper

They are being honored this year with the US Marines Toys for Tots Commander's Award for taking charge and doing something about Literacy.
